REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: an electric power tool comprised of a plurality of housed component groups that are connected coaxially in series by a spring elastic belt with a plurality of gripping arms has distinguished itself over the prior art of Miller and Bosman which does not suggest the use of a spring elastic belt to connect the parts, but uses a screwed holder to join the components.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
